O: 402.415.0556

C: 531.777.2022

The Advent Building

17838 Burke Street, Suite 200
Omaha, NE 68118

OVERVIEW

Andrea started her career in Intellectual property in 2018 as an intellectual property engineer for a leading European patent law firm, where she supervised the mechanical patents and design search team. She has done extensive work in the oil and gas industry, drawing from her experience working as a preventive maintenance planner at Puma Energy refinery in her hometown, Managua, Nicaragua. In addition to her experience in the oil and gas industry, Andrea has done extensive searching in the material science industry and the food science industry.

Andrea got her BSc. in Engineering from John Brown University in Siloam Springs, AR after being honored by the Walton International Scholarship Program with a full scholarship for her school performance and character. During this time, Andrea became involved in leadership programs that equipped her to develop mentorship programs for high school students in Masaya, Nicaragua.

Andrea's services include patent drafting and prosecution, and patentability, clearance, and landscape searching. Additionally, Andrea oversees and manages Advent's digital marketing strategy, resources, and content creation.
